1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ralph E. Smith on March 4, 2005.

The application has been amended as follows:

Claim 32 has been amended to correctly depend upon Claim 27 and hence now reads:

Claim 32. (Currently Amended) A method of producing a colored coating for an article as described in claim 27, wherein said co-extruded first, second, and third polymeric materials form a coating sheet and further including cutting the sheet into segments for flat storage.

2. The following is an examiner's statement of reasons for allowance: the closest prior art, Vogel et al (US 2002/0055006 A1 or WO 001/78981A1), teach a method of producing a multilayer, co-extruded, colored ionomeric decorative surface to be coupled to a substrate wherein the multilayer, coextruded film comprises clear and colored layers and may include metallic flakes in the colored layer(s). However Vogel et al do not teach or render obvious the step of heating an upper surface of a first layer comprising the metallic flakes to concentrate the flakes toward the upper surface of the layer. The Examiner also notes that none of the references cited in the International Search Report filed 8/20/02 teach the step of heating an upper surface

of a first layer comprising the metallic flakes to concentrate the flakes toward the upper surface of the layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
